

**June 18, 2007**

**PIVOT3 TO DEMONSTRATE COST-EFFECTIVE IP STORAGE SOLUTION FOR THE SECURITY MARKET AT POLICE SECURITY EXPO 2007**

**WHAT:** Pivot3 Inc, the inventor of virtual distributed RAID, will demonstrate its highly scalable and cost-effective IP storage cluster solution, RAIGE™ (RAID Across Independent Gigabit Ethernet) Storage Cluster at the Police Security Expo 2007. RAIGE delivers up to five times the performance at half of the cost of competitive solutions, with no up-front cost in a pay-as-you-go model. Attendees are invited to view demonstrations of the IP-based storage solution from Pivot3 and learn why its flexibility, high scalability and high availability make it a perfect fit for data-intensive environments such as video surveillance.

**WHEN:** June 19-20, 2007

**WHERE:** Atlantic City Convention Center, Atlantic City, N.J.

**About Pivot3**

Founded in 2003, Pivot3 has developed the first successful implementation of distributed block-based data protection utilizing software-based virtual RAID controllers. The company's block-based infrastructure virtualization solutions reduce costs by up to 50 percent and allow systems to deliver up to five times the performance with superior data protection. With several patents pending, the company boasts strong intellectual property and is backed by Lightspeed Venture Partners and InterWest Partners. For more information, please call 1-877-5-PIVOT3 or visit the company's website at [www.pivot3.com](http://www.pivot3.com)
