

PIVOT3 TO DEMONSTRATE THE LATEST HIGH-DEFINITION STORAGE SOLUTION AT GOVSEC 2008

Houston, Texas – April 21, 2008 – Pivot3 Inc, the inventor of High-Definition Storage™, will exhibit the award winning Pivot3 High-Definition Storage™ solution at the Government Security Expo and Conference (GovSec), Booth 2527, at the Washington Convention Center, Washington, D.C., April 23-24, 2008. The company will be demonstrating its latest High-Definition Storage, which allows government organizations to reduce storage infrastructure costs by as much as 50 percent even in the most complex video surveillance implementations, supporting a variety of cameras and video surveillance applications.

The Pivot3 High-Definition Storage is a clustered storage array, which aggregates capacity and bandwidth using the company's RAIGE™ (RAID across Gigabit Ethernet) architecture. Being based on IP technology, the flexible and low-cost solution has already been implemented by federal and local government organizations across the country, helping them store twice the video while supporting up to sixteen times the data streams of traditional modular storage systems. The Pivot3 IP-based system adds a higher level of data protection across multiple networked storage nodes, called Databanks, which are built using industry-standard x86 servers and disk drives, and are connected via common Gigabit Ethernet.

For more information and to see a live demonstration, visit Pivot3 at booth #2527.

GovSec, the Government Security Expo and Conference, features an exposition with a full spectrum of physical, IT and cyber security solutions, alongside wireless and mobility communications equipment for federal, state and local governments. For more information, visit www.govsecinfo.com.

About Pivot3

Pivot3 invented its award winning High-Definition Storage™, delivering more than sixteen times the performance at half the cost of traditional solutions, to uniquely solve the storage needs of bandwidth and capacity-intensive environments such as video surveillance. The company has raised \$46 million in private financing to deliver leading-edge storage technology to its growing customer base in public safety, gaming, education and federal markets. For more information please visit www.pivot3.com or call 877-574-8683.
